The advantages of Robot-Coupe Juice Extractors

Ultra fresh juice

- Nutrients and antioxidants are preserved
- **No heating** of processed products
- Ultra fresh juice on demand, in **large quantities**, whenever needed
- Right quantity of pulp for a thirst quenching, **easy-to-drink** juice

User comfort

- Large automatic feed tube Ø 79 mm (3.1") for continuous processing of whole fruits
- Easy to clean: stainless steel parts and removal of basket : no tools required
- Compact and quiet: can be used right **in front of the customer**
- Easy-to-handle: **great for self-service**

Unbeatable cost efficiency

- Quick return on investment: recoup the cost of your J100 in just 21 days*
- Most efficient juicer on the market for the most frequently used ingredients**
- Long service life thanks to its commercial-grade motor

* Based on 20 glasses sold per day

** Apples, oranges, pineapple, pears, peaches, kiwi fruit, grapes, cucumber, celery, carrots, beetroot, spinach etc. Non exhaustive list.
