**Daily life always getting better
in the kitchens!**

 **Easy
Guide**

Digitalization is needed in kitchens and brings comfort, efficiency and precision. So does your Robot-Coupe machine!

Always looking to make life easier in the kitchen, Robot-Coupe has equipped all its machines with the EasyGuide function.

What users want today is ...

- Finding accessories to suit a machine,
- Watching videos that show all the possible applications of a machine,
- Training teams that change regularly,
- Finding user manual on-line easily.

With EasyGuide, nothing could be simpler! And without leaving the kitchen!

Just flash the QR code on your machine:

- To consult all the video content that will make life easier : how to install, use, clean and maintain a machine,
- To download user manual,
- To discover the different accessories and recipes of a machine.

A properly-used and well-maintained machine is a machine that lives longer!

With EasyGuide, you are only one flash away from THE solution.
