

robot *coupe*®

**Dedicated solutions
for pastry
preparations**

KNEAD

your shortcrust or sable pastry under 2 minutes

MIX

your cheesecake ingredients

GRIND

your praline (roasted hazelnuts with caramel) into powder or paste

The benefits of Homemade

> Save money

Save more than 40% by processing your own ingredients with the cutter.
Example : Praline, macaroon, ganache, marzipan, almond flour..

Your R7 will pay for itself in less than 6 months!

> Save quality

Better control of the quality of the ingredients - Consistency of the end-result
More flexibility in the creation of new pastry

Transform the dried fruits !

MIX

chocolate pastilles with cream and butter for a smooth ganache

GRIND

almonds and sugar into a fine powder for your macaroons

THE CUTTER IS THE INDISPENSABLE MACHINE FOR ALL YOUR PASTRY PREPARATIONS !

Time and productivity gains

3 kg of marzipan ready in 3 minutes.

Precision

Prepare both small and large quantities. The pulse function means you can obtain just the right texture when grinding.

Economical

Transform the raw ingredients yourself and save money.

Power

Robust industrial motor for easy preparation of hard products such as praline.

Hygiene

Stainless steel bowl and blade can be put in dishwasher.

Coarse Serrated blade *As option*

especially designed for pastry work. To chop and grind nuts and dried fruit and to knead with precision.

Smooth blade *As standard*

is delivered with your cutter to blend, emulsify, mix and chop.

Which cutter corresponds best with your needs?
